WELCOME MESSAGE

Dear Colleagues

Owing to the still ongoing Covid-19 situation worldwide, we assure you as always to be extra-cautious. Sharm Derma, as we always promise you, will be divided into two parts. Our upcoming Spring Conference (Part I) will be held from 15th-18th March, 2022.

Sharm Derma's Fall conference is scheduled to be from 24th – 26th October, 2022 at Intercontinental CityStars Hotel, Cairo & from 27th - 28th October, 2022 at Grand Rotana Hotel, Sharm Elsheikh.

We have been working on providing a balanced program for Sharm Derma conferences (both Parts I & II) including state-of-the-art in medical and aesthetic dermatology.

During our upcoming conference, as always, we promise to provide you with an exceptionally valuable experience, hoping that you will enjoy our meticulously organized highly rich scientific content.

The courses are designed for different levels of experience and are meant to provide the basic, as well as the latest advances in every sub-specialty in dermatology.

Participation of an enormous number of the most renowned speakers from all over the world will allow for the fruitful sharing of knowledge and experience.

Hope these hard times end & we resume our normal lives here in Egypt & all over the world.

The image features a white background with several pink petals falling from the top. The petals are in various stages of descent, some appearing as soft, blurred shapes. At the bottom of the image, there is a dense field of pink cherry blossoms, with dark brown branches visible. The overall aesthetic is clean and elegant, with a focus on the color and movement of the blossoms.
